Cardiac Electrophysiology | Applicant Observation Form

To the Chief or Supervisory Technologist:

The following applicant, _______________________________, has applied to the Cardiac Electrophysiology Program at Loma Linda University. As part of the application procedure, this prospective student is being asked to observe two EP cases as a requirement for admission. This will, hopefully, enable him/her to have a more realistic and knowledgeable view of the profession.

We would appreciate your taking the time to briefly talk to this individual about the profession, giving some idea of what a Cardiac Electrophysiology Technologist actually does, explaining what procedures might arise, giving insight on what you do, what type of working conditions might be expected, what type of work hours might be expected, what the pay scale is in your area, etc.

Number of Exams Observed: ______
Date of Observation: ____________
Procedures observed: __________________________________________
____________________________________________________________________
____________________________________________________________________
____________________________________________________________________

Name: _________________________________ Date __________ Position ________________________

Signature: ____________________________________________________________________________

Facility Name: ___________________________________ Facility Phone: __________________________
Facility Address: ________________________________________________________________________

After the applicant has completed this requirement, please check and sign this form, returning it to the SAHP Department of Radiation Technology, NH A829. The applicant should provide the necessary postage. Thank you for your time and effort in helping this applicant become better acquainted with our profession.

Sincerely,

Alan Alipoon
