April Meeting

By Harold Heydenfeldt, AB6RN

At our January meeting, we discussed scheduling a breakfast meeting every three months in place of the regular evening meetings. One reason for needing a meeting now and then was to hold our elections.

We were fortunate to have one person to run for the office of Sec-

retary/Treasurer. As far as I know, that person is still available to serve in that capacity. But to hold an election for that one office would be unfair to him unless we can find candidates to fill the other offices. There is just so much one person can do alone.

So, since we have not received any

offers to take the office of president or vice president, there is no reason to hold a meeting for that purpose

Please give this matter some thought and see if we can come up with a solution to our problem.

Flying Blind

By Lyle Long, N1LL

I was flying from San Francisco to Los Angeles. By the time we took off, there had been a 45 minute delay and everyone onboard was ticked.

Unexpectedly, we stopped in Sacramento on the way. The flight attendant explained that there would be another 45 minute delay, and if we wanted to get off the aircraft, we would re-board in 30 minutes.

Everybody, got off the plane except one gentleman who was

blind. I noticed him as I walked by and could tell he had flown before because his Seeing Eye dog lay quietly underneath the seats in front of him throughout the entire flight. I could also tell he had flown this very flight before because the pilot approached him and, calling him by name, said, "Keith, we're in Sacramento for almost an hour. Would you like to get off and stretch your legs?" Keith replied, "No thanks, but maybe my dog would like to stretch his legs."

Picture this...all the people in the gate area came to a completely quiet standstill when they looked up and saw the pilot walk off the plane with the Seeing Eye dog! The pilot was even wearing sunglasses. People scattered. They were not only trying to change planes, they were trying to change airlines!

CPR Class

By Lyle Long, N1LL

Is anyone interested in a CPR class? A new member is an instructor and has offered to hold a class if a few people are interested.

If so, please contact me and indicate the night of the week that would be most acceptable for you. There will be a nominal charge to cover materials.

Renewal Notice

By Harold Heydenfeldt, AB6RN

First of all, my sincere thanks to all of you who have renewed your membership with the club. All of the membership cards should have been mailed to you by now, so if you have paid and not received your card, please let me know.

To others who have failed to renew, the time is fast approaching when the club benefits will expire. The phone patch access is a great thing to have when contact is needed with family and also for emergencies. So, this will be the final reminder that the check should be in the mail.

Thanks.
