The Class of 1966 established this endowment in honor of their 25th anniversary. The endowment continues to grow thanks to the generous support of 1066 class members. The purpose of this fund is to provide scholarship assistance to senior year nursing students who wish to expand their perspectives on various specialties in the nursing field. This program gives students a more in-depth experience under the guidance of a professional clinician, educator, or researcher. Working with this mentor, the student can explore career options, including nursing education, nursing administration, clinical nurse specialty, advanced nurse practice, or even international nursing, in a way unavailable during the regular undergraduate nursing program. Students interested in this program must submit a written proposal for consideration.
