Department of Physical Therapy
Post Professional Master in Physical Therapy

Petition to take part in graduation ceremonies June 2008

Please make sure you meet the following requirements:

1. Will finish all degree requirements by the end of Spring Quarter, 2008 or Finishing no more than 9 units in the Summer of 2008.
2. Have received latest degree requirement work-up and have reviewed what is necessary to complete my degree.
Note: If there are questions which are not yet answered, it is the student's responsibility to seek clarification.
3. Will have official transcripts completed **so far** in University Records Office by April 2008.

Note: This may require you to request transcripts from a college where you are still doing work. The Records Office needs to see progression to date and this may require you to ask for transcripts to be sent from the same facility after you are done with your summer classes.

I am requesting to participate in June 2008 graduation ceremonies and understand the three requirements above.
